

REPORT ON THE WORK DONE ON THE APPLICATION:-

1. Made the layout, added the header and background..
2. On entering the application it displays "Admin Access only, restricted for public use" and gives a go back link to the home page.
3. Added the option for both userid and password. The id is bnsapplication and password as nagarmal91011. Also added a session, so that the username and password does not have to be punched in every time.
4. Used calibri (12 pts) font on the table.
5. Applied php pagination in order to show 25 entries per page.
6. Changed the mail messages as was given in the excel file. Also a copy of the mail will be sent to contactus@bnsatnalikafoundation.org
7. Created an Admin link on the bottom of all the pages.
8. Joined the two databases and using only the master database now. So all the entries are visible now.

The “sea” has been removed from the homepage
